EXTENDED ENGINE WARRANTY COVERAGE

Extended warranty options are available at extra cost within the first 90 or 180 days of entry into service². The three options below extend the same level of coverage for longer duration and distance or higher fuel burn.

- No mid-life component change-out is required for extended warranty coverage
- Detailed current pricing is available on from your Freightliner or Western Star dealer, or on the Extended Warranty Registration form

	DISTANCE	HOURS	FUEL BURN
4 YEARS	805,000km	15,000	500,000L
5 YEARS	1,046,500km	15,000	500,000L
5 YEARS	1,046,500km	15,000	600,000L

For full details of standard and extended warranty, including terms & conditions and exclusions, please ask your Freightliner or Western Star dealer or refer to the standard warranty parchment.

² Additional processing fee applies for warranty extension between 91-180 days from date of entry into service
